Questions & Answers

Who is Zeki?

After 20 years dealing in distribution of turbos from Brazil, Zeki started operations in the USA in 1998. Based in Florida, Zeki started production of its own products in 2004.

Are these turbos American made?

All Zeki products are assembled in the USA using components manufactured mostly by OEM suppliers.

Is this a quality product?

All turbos and cartridges are 100% precision balanced. All components are 100% interchangeable with OEM turbos.

What kind of Warranty is there?

Complete Diesel offers a 24-month warranty covering any defects in manufacturer parts and/or workmanship.
