

Bobcat Fuel System Components Now Available!

Bobcat equipment often earns its keep in dusty and dirty work environments. This environment, while unavoidable, can increase the risk of foreign debris entering your fuel system. Coupled with a lack of maintenance this can cause premature failure of fuel system components. Whether it's one injector or the whole system Complete Diesel is here to help!

	Engine	Part Number	OEM Part Number	
Injectors 	1.8L Tier 4 2.4L Tier 4	EX631088	28337917, 400903-00074D, 46668951, 7030364, 7275454, 7334032REM, 7516848	Delphi Remanufactured Fuel Injectors New nozzles, NOP springs and control valve.
	3.4L Tier 4	EX631089	28347042, 400903-00043E, 46690132, 7261663, 7334041REM, 7516846	
	Engine	Part Number	OEM Part Number	
Delphi Remanufactured Fuel Pumps New inlet metering valve, head assemblies and transfer pump assembly.	1.8L Tier 4 2.4L Tier 4	EX836101	28302492, 28394200, 28526888, 400912-00219B, 46668952, 7030405, 7249380, 7334040REM, 7516847	Pumps 
	3.4L Tier 4	EX836100	28309815, 28526390, 400912- 00136C, 46690133, 7256789, 7334031REM, 7516851	
	Engine	Part Number	OEM Part Number	
Contamination Kits 	Bobcat D18	AP57007	N/A	Alliant Power Contamination Kits Kits Contains- Fuel Rail, Fuel Injectors, Fuel Pump, Fuel Intake and Return Lines, Fuel Filter
	Bobcat D24	AP57008	7430022REM	
	Bobcat D34	AP57009	7430023REM	

Not sure if it needs replaced? We can test it! Complete Diesel boasts the industry's latest equipment for testing both common rail and mechanical fuel systems. Each component is put through rigorous testing to ensure it meets all necessary standards.
